Expert To Describe Backhaul Cost-Savings As Key To Profitability On *WCA Live!* April 6

WASHINGTON, DC (April 5, 2007) – A major vendor will discuss the vital importance of the infrastructure component backhaul this week on the Friday, April 6 edition of *WCA Live!* – the radio webcast produced by the [Wireless Communications Association International](http://www.wcai.com) (WCA) and *My Technology Lawyer Radio*.

Hosts of the show are WCA President Andrew Kreig and *My Technology Lawyer Radio* Producer Scott Draughon. This week's guest for the 2 p.m. (Eastern) show will be Stuart Little, Director of Marketing, Harris Stratex Networks, as speaking on the topic: "Wireless Backhaul As The Building Block For Broadband Success." He will describe why infrastructure reliant on advanced wireless technologies instead of wired connections can optimize profitability, particularly using increasingly sophisticated systems coming onto the market.

WCA Live! hosts will provide at the beginning of the show a live news summary of the week's developments most important to broadband wireless throughout the world. The [LISTEN LIVE](#) link takes a listener directly to the radio show stream. Listeners can call-in with questions at 866-685-7469, or send emails to radio@MyTechnologyLawyer.com. Archived versions of past shows are available at the listeners' convenience: [Click here for Past Shows](#).
